

## Hidden Lake Garden Tour 2008

Saturday, 17 May 2008.

We have planned a multi club British Car Tour to Hidden Lakes Gardens, located in Tipton, MI. This 775 acre facility is operated by Michigan state University since its inception in 1945. It has 120 acre arboretum, a hosta hillside garden and a conservatory. One of its delight is a 4 mile drive through the woods on a single lane winding road.

Our hosts and fellow members, Bob and Eleanor Lorentz will guide us to, and through the gardens.

As a side trip will be visiting the restoration facility of Bob Anzalone. He is a well known restorer of many winning Concour's automobiles. About 1 hour on the site. It is located "out in the country", between Manchester and Brooklyn, MI.

The tour will start at the M-Dot parking facility located at the intersection of I-94 and M-52 in Chelsea, MI. Plan to arrive between 9:30 and 10:00 am. Various club's can car pool from there usual jump-off sites and head for Chelsea. Trip maps and instructions will be made available before we leave.

We plan to leave for the Anzalone's at 10:00am, which is about a 30 min. drive.

From there we will drive to the Golden Nugget for lunch at approx. 12:00am. The trip to the gardens is only a few minutes away. Plan at least 2+ hours to visit all of the attractions.

Admission to the gardens is \$3.00 per person.

Please RSVP if you plan to attend.
